

## **Erratum**

Figures 1 and 2 were inadvertently switched and printed with the wrong legends in “**Does absence of maxillary lateral incisor affect the status of maxillary canine before and after secondary alveolar bone grafting in patients with unilateral alveolar cleft?**,” by Hyunseung Hong, Il-Hyung Yang, Jin-Young Choi, Jong-Ho Lee, Jee Hyeok Chung, Sukwha Kim, and Seung-Hak Baek. *Angle Orthod.* 2022;92:683– 690. These have been corrected in the online version.
