Past and future contributions to diversity, equity, and inclusion will also be considered.

Include: Letter of interest, CV, evidence of teaching and research experience (if any), statement of past and planned contributions to diversity, equity and inclusion, contact information of three references.

## Submit Written Examination Questions to the American Board of Orthodontics

The Written Examination consists of multiple-choice questions related to the basic sciences, applied biomedical sciences, orthodontic theory, orthodontic practice, related dental disciplines and the orthodontic literature. Questions are developed from various sources by the ABO's Written Examination Committee. The committee formulates questions using the recommended reading list and referencing journals, textbooks and actual clinical case reports.

In order to keep the examination relevant to orthodontics as it is practiced today, the ABO solicits questions from educators and residents across the country. These questions are reviewed and refined by the examination committee and then added to the bank of questions. The goal is to have thousands of questions in order to write multiple examinations for the computerization process. We invite you to submit potential examination questions by following the path below:

[www.americanboardortho.com](http://www.americanboardortho.com) >

Orthodontic Professionals > Advocates and Educators > Submit Written Exam Questions

The ABO would like to thank you in advance for taking the time to help increase the relevance and validity of the ABO Written Examination.

The ABO Written Examination Committee 401 North Lindbergh Blvd., Suite 300, St. Louis, MO 63141P: 314.432.6130 F: 314.432.8170
